Sir:

A Notice to File Corrected Application Papers was issued in the above-identified application on October 4, 2010. According to the October 4, 2010, Notice, Figures 6, 8, 16, 17, 18, and 19 and the Figure labels contain foreign language. However, Applicants respectfully submit that none of Figures 6, 8, and 16-19 contain a foreign language, as-filed on March 10, 2006, see Patent Application Information Retrieval, ("PAIR"), March 10, 2006, tagged "Drawings-only black and white line drawings." Further, there are no labels associated with the Figures submitted on March 10, 2006. Moreover, in the Office Action, which issued on November 17, 2008, the Examiner accepted the March 10, 2006, drawings, see PAIR, November 17, 2008, tagged "Non-Final Office Rejection." Accordingly, the drawings as submitted on March 10, 2006, do not contain the asserted deficiency.

In addition, on November 4, 2010, the USPTO issued a Communication, which stated that the Notice to File Corrected Application Papers, which issued on October 4, 2010, contained

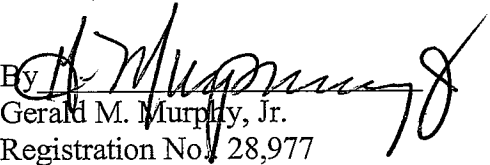

an error. Specifically, the November 4, 2010, Communication stated that the October 4, 2010, Communication erroneously stated that "Figs 35-70, 116, 117, 147-154 were made on graph paper or other paper with a pattern or decoration." Accordingly, Applicants do not need to respond to this part of the October 4, 2010, Notice since the instant application does not contain Figs 35-70, 116, 117, 147-154.

If necessary, the Commissioner is hereby authorized in this, concurrent, and future replies, to charge payment or credit any overpayment to our Deposit Account No. 02-2448 for any additional fees required under 37 C.F.R. § 1.16 or under § 1.17; particularly, extension of time fees.

Dated:

NOV 22 2010

Filed: 03/10/2006 :  
Attorney Docket No. 3749-0124PUS1 :

To Whom It May Concern:

The USPTO mailed a Notice to File Corrected Application Papers to your office on 10/04/2010. This notice contained an error in that it appeared to state that Figs 35-70, 116, 117, 147-153 were made on graph paper or other paper with a pattern or decoration. As this application does not contain such figures, there is no requirement to correct these figures.

The Notice to File Corrected Application Papers also included the correct drawing deficiencies in that the drawings and the Figure Labels do contain foreign language.

A corrected Identification of Drawing Deficiencies is attached. Applicant has the *time remaining* from the original notice of 10/4/10 to make the appropriate corrections. This letter *does not* restart the time period for response.

Telephone inquiries relating to this decision may be directed to the undersigned in the Office of Data Management at 571-272-4200.

Sincerely,

Kimberly Terrell, Manager
